**FREQUENCY:** On occasion.

**SUPPLEMENTARY INFORMATION:**

### **Summary of Information Collection**

Respondents are entities submitting applications or proposals to Department of Defense Components that may result in the award of grants or cooperative agreements.

Each entity under a competitive program will be required to submit representations with its application or proposal to disclose whether it is a corporation that has an outstanding tax liability or has been convicted of a felony criminal violation within the past 24 months. Most applicants for DoD awards submit electronic applications through Grants.gov and the representations would be electronically attached to the applicant's SF 424 (OMB Control Number 4040-0004).

A memorandum to DoD Components from the Assistant Secretary of Defense for Research and Engineering specifies wording of the representations to be used for continuing obligations of FY 2012 appropriations and provides guidance on tailoring of the wording, if needed, to conform to provisions of future appropriations acts. The memorandum may be viewed at the DoD Basic Research Office web site ([http://www.acq.osd.mil/rd/basic\\_research/funding/documents/appropriations\\_act\\_provisions.pdf](http://www.acq.osd.mil/rd/basic_research/funding/documents/appropriations_act_provisions.pdf)).

An awarding official prior to making a grant or cooperative agreement award will use the information provided by the representations in judging whether the entity recommended to receive the award is eligible to do so—i.e., to decide whether the agency must first consider suspension or debarment of the entity and determine that further action is not necessary to protect the interests of the Government. An entity that fails to submit a required representation therefore will be ineligible to receive a grant or cooperative agreement from the agency.
